

2018 Membership Categories

Premium Membership

This membership is aimed at larger corporations and companies operating internationally. These companies have a large presence in Australia. Premium members are interested in broadening their trade relations between Sweden and Australia, reinforce existing industry and government contacts and expand their networks within the Swedish-Australian business community. These companies think it is very important to work closely with the Chamber to develop their business profile and have a strong influence on the Chamber activities.

Corporate Membership

For medium and large companies, who operate in one or more states in Australia. These companies are interested in working closely with the Chamber to develop and maintain their company profile and networks within the Swedish-Australian business community.

Small Business Membership

This membership is aimed at small businesses, who might only operate in a single location in Australia. The business can be either established or new to the Australian market. They have an interest in developing their business, educational, cultural and social networks within the Swedish-Australian business community and benefit from the Chamber activities and events.

Professional Membership

For individuals, business executives and entrepreneurs who have an interest in developing their business, educational, cultural and social networks within the Swedish-Australian business community and have access to the Chamber events and benefits.

Young Professional Membership

For young entrepreneurs, employees, researchers and students who wish to develop their professional network within the Swedish-Australian business community and gain access to affordable business, educational, cultural and social events.
